

Smart Phone Walk 12th May

Smart Phone Walk 12th May

*Weather permitting the plan is to meet up on **Eton Bridge** around **10:00 - 10:15 am***

Depending on how many people manage to join us suggest they make their way around Windsor in small groups as will be quite busy around town. So allow time for parking or come on foot or public transport - Uber etc. if you can please - see finish location !!

Hope you managed to view a few of the YouTube videos to give you ideas - Try and take unusual images that are not like DSLR shots !! A monopod with Smart phone on the end if you have one could be handy !!

Places to include - Eton Bridge - The Ferris Wheel - the Diamond Jubilee Water Fountain - Henry VIII gate to the Castle - side streets opposite Castle entrance - Railway station in the Centre - swans on the Thames and Boats - Interesting kerbs and double yellow lines - flowers up close - bench seats and the band stand near the Ferris Wheel. There are two pub micro-breweries under the railway arches open from 13.

*We finish and meet up to at “Indie Rabble” Micro Brewery/pub for drink refreshment and around **13:00 o'clock** You bring your own sandwiches / rolls - home made of from the many shops in Windsor.*
